Check your Source!

COCAMIDOPROPYL HYDROXYSULTAINE (Classic CAS)

Our Classic CAS, sourced from Southern Chemical, is made from Coconut Oil, NOT Palm Kernel Oil.

TITANIUM DIOXIDE

Classic T5-510 (Titanium Dioxide, Aluminum Hydroxide, Methicone)

Classic TW-210 (Titanium Dioxide, Silica)

Both are high quality materials sourced from the Galaxy Group.

EXOTICS FROM CLASSIC

Classic now offers functional and brand-enhancing raw materials from two major suppliers.

From Beeswax substitute (Laurel Wax) to Omega-3 enhanced Ayurvedic (Indian Medicine) Oils and Butters, we invite your inquiries for complete information.

Amla Curcumin W-3 Butter

FROM LINCOLN MANUFACTURING

Broad Spectrum Liquid Preservative
Paraben, Formaldehyde and Isothiazolinone Free
Lincoserve™ CP is a preservative typically combined with other preservatives such as phenoxyethanol for use in wide variety of formulations.

- Strong Fungicidal Activity
- Paraben Free
- Formadehyde and Isothiazolinone Free
- Effective as a wide pH range

FROM MASON CHEMICAL

MASORB® OD-300
Odor Absorber Concentrate

Masorb® OD-300 is characterized as an odor absorbing & deodorizer control treatment that chemically binds and eliminates the odor. Masorb OD-300 reacts with functional groups such as mercaptans, short chain carboxylic acids, amines, thioethers, hydrogen sulfide and ammonia which are responsible for majority of offensive odors.

ALTERNATE SOURCING CORNER

From time to time issues occur regarding discontinuation, quality, price or service, necessitating a search for alternatives. Below are Classic's latest offsets (chemically and functionally).

ORIGINAL MATERIAL

Cetiol CC (Dicaprylyl Carbonate)
Elfamoist AC
Incromectant AQ
Lamesoft PO65

CLASSIC OFFSET

Dermol DCC
Salus AC
Salus AQ
Tamen AG-65L

These offsets are U.S.A. Manufactured by Alzo and Cetera.
