DESCRIPTION

Jarplex™ CB30 cocoa butter is a vegetable fat that has been extracted from the fruit of the Cacao tree (Theobroma cacao) and then processed and refined until white to off-white in color. Due to its neutral color and low odor, **Jarplex CB30** is ideal for use in cosmetics and toiletries where addition of extraneous color or odor would be problematic. **Jarplex CB30** offers superior softness, temperature stability, and consistency for a broad range of applications. When applied to the skin, **Jarplex CB30** melts smoothly, resulting in a long-lasting, soft skin feel.

APPLICATIONS

Jarplex CB30 is an excellent choice for high-quality products with moisturizing, conditioning, and softening properties. **Jarplex CB30** provides superior performance in creams, lotions, body butters, deodorants, lipsticks, and lip balms.
